

OUTSIDE ANALYTICS +

Mr. Ben Tarr is the Co-Founder and Chief Executive Officer at Outside Analytics, responsible for the Company's overall vision and strategic plan. Ben has spent the last two decades supporting DoD and IC space-based ISR programs with a focus on real-time intelligence production for both strategic and tactical user communities.

Prior to Outside Analytics, Ben spent 15 years at Lockheed Martin as a Chief Architect and Systems Engineer. Ben received a Bachelor of Science degree in Physics from California Polytechnic State University and a Master of Science in Information Technology from the University of Maryland.
